CCOC ANNUAL CORPORATION MEETING

Orlando, Florida

The June 27, 2016 Annual Meeting of the Corporation of the Florida Clerks of Court Operations Corporation (CCOC) was called to order at 4:49 p.m., EST by Executive Council Chair Sharon Bock.

ROLL CALL – Chair Bock asked Mary Baker, the Executive Assistant, to transfer over the roll from the Executive Council meeting since the roll was taken there.

Chair Bock acknowledged that in this annual meeting every elected Clerk can participate. It is their meeting. The by-laws call for one annual meeting in which reports are basically gone over. She encouraged Clerks to feel free to ask questions or make any comments.

APPROVAL OF MINUTES

Clerk Burke made motion to approve the May 31, 2015 Corporation Meeting minutes. Clerk Inzer seconded. Motion passed unanimously.

APPROVAL OF AGENDA

Chair Bock noted that #7 will be taken off since the election of the Executive Committee took place in the Executive Council meeting that preceded this meeting. Clerk O'Neil made a motion to approve the amended agenda. Seconded by Clerk Burke. Vote was taken and passed unanimously.

CHAIR'S REPORT

Chair Bock began her report from the Chair by saying how proud she is to serve. She also wanted to acknowledge the chairs of the different CCOC committees that served this year. She started by thanking Clerk Butterfield and her undying commitment to the budget process. Next is Clerk Vick who led the Jury Process workgroup. Clerk Green has done an outstanding job in the development of the continuous workload methodology. She and her group are constantly looking at the performance measures. The Financial Analysis Workgroup is headed by Clerk Barbee then Kelly Connell. Clerk Timmann and the Legislative committee worked tirelessly. The Legislative workgroup has become active and was led by John Dew. They reported impacts and analytics on the various bills. Technology Funding workgroup was led by Clerk Doggett and then by Clerk Peacock. Chair Bock thanked her Vice-Chair Clerk Inzer. She noted that the CCOC would not be what it is today if it were not for Clerk Inzer's detailed eye for finance. She acknowledged Clerk Burke and his great work as the Secretary/Treasurer. She thanked those that worked on the North Highland workgroup. They were Clerk Butterfield, Clerk Green, Clerk Rushing, Clerk

Thurmond, Clerk Timmann, and Clerk Inzer. On behalf of all the clerks, she thanked Clerk staff who serve on numerous workgroups. These staff members support the CCOC staff. She wanted to thank the CCOC staff that is led by John Dew, the Executive Director. She acknowledged Joe Boyd, General Counsel as well as Doug Isabelle, the Deputy Executive Director and Lisa Daws, Information Technology and Resource Director. She noted that the CCOC team deserves a big hand for the work that they do. The main issues this year has been funding, funding, funding. The Executive Council met five times. The Internal Audit was an unqualified clean opinion. It shows that what CCOC is doing is done properly. When she began as Chair there was a strategic planning meeting and there were three directions: communication, predictive funding model, and more concise data. She noted that we are moving in the right direction. We have continued to be transparent, we have improved communication with the Legislature and with the FCCC, and as you heard today we are refining our data. Chair Bock concluded her report.

TREASURER'S AND FINANCIAL REPORT

Chair Bock called on Clerk Burke for the Treasurer's Report. He moved to approve Agenda items #3, #4, and #5. He noted the Internal Audit was an unmodified opinion. The Treasurer's report also shows we are in line with the spending. As far as the corporate budget it is a continuation budget. Clerk O'Neil seconded. Vote was taken and passed unanimously.

PROPOSED DATES FOR THE 16/17 BUDGET YEAR

Chair Bock asked Mr. Dew to report. He noted that the proposed dates are found on page 46. There is a meeting on July 28 here in Orlando. He would like to get with the FCCC and see what their dates are and coordinate the proposed dates to coincide with theirs for better attendance. Clerk Inzer proposed the motion to coordinate with the FCCC on dates. Clerk Ruvin seconded. Vote was taken and the motion passed.

OTHER BUSINESS

Clerk Inzer wanted to comment on CCOC's staff on their timeliness, professionalism and dedication and support the clerks' work. Clerk Butterfield thanked Clerk Inzer for helping her by being able to go to CCOC when she could not be in Tallahassee.

Chair Bock asked if any of the clerks would like to speak. Clerk Burke made a motion to adjourn. Seconded by Clerk Inzer.

The meeting was adjourned at approximately 5:05 PM EST.

Agenda Item 4a

Executive Corporation Meeting

June 12, 2017

Date: June 12, 2017

Subject: CCOC Office CFY 15/16 Financial Statement

Corporation Action:

For Information Purposes and Corporation Membership Review

Overview:

Each year an independent audit is conducted to review the financials of the Corporation office. The firm of Lanigan and Associates conducted a review of the financials for the twelve month period of October 1, 2015 through September 30, 2016. Lanigan provided their Independent Report to the CCOC Office in December. The report was provided to the CCOC Executive Council and accepted at their February 27th, 2017 meeting. The report is now attached for the Corporation membership review. The audit did not identify any deficiencies in internal controls. Further the audit disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards. Finally, the audit revealed no need for a management letter with recommendations for improvement.

Report on the Financial Statements

We have audited the accompanying basic financial statements of the Florida Clerks of Court Operations Corporation (a component unit of the State of Florida), as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Florida Clerks of Court Operations Corporation as of September 30, 2016, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 4 and 5 and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Florida Clerks of Court Operations Corporation's basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by Chapter 10.650, *Rules of the Auditor General*, and is not a required part of the basic financial statements.

The schedule of expenditures of state financial assistance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 20, 2017, on our consideration of the Florida Clerks of Court Operations Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Florida Clerks of Court Operations Corporation's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Florida Clerks of Court Operations Corporation's (the FCCOC) financial performance provides an overview of the FCCOC's financial activities for the year ended September 30, 2016. Please read it in conjunction with the FCCOC's basic financial statements, which begin on page 6.

The Florida Clerks of Court Operations Conference (the Conference) was established in 2003 by Section 28.35, *Florida Statutes*, to establish a process for the review and approval of court-related proposed budgets submitted by the respective Clerks of the Court. The 2004 session of the Florida Legislature amended Section 28.35, *Florida Statutes*, making the Conference a public corporation and changing its name to Florida Clerks of Court Operations Corporation.

During the 2009 session, the Florida Legislature changed the FCCOC from a quasi-governmental form of government to a governmental fund housed under the Justice Administrative Commission (JAC). The Florida Legislature identified a source of court fees, collected from the Clerks throughout the State, to fund the operations of the FCCOC.

Beginning on July 1, 2013, the Florida Legislature changed the structure and funding for the FCCOC. The corporation reverted back to being a separate entity with a September 30 fiscal year end and will no longer be housed under the JAC. Instead, the FCCOC will be funded pursuant to a contract with the Chief Financial Officer of the State of Florida. The employees of the corporation will still participate in the Florida Retirement System. Further, the Corporation may hire staff and pay other expenses necessary to perform the official duties and responsibilities.

The FCCOC issues basic financial statements comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The FCCOC is considered a blended component unit of the State of Florida.

The FCCOC implemented Governmental Accounting Standards (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment to GASB Statement No. 27*, which requires employers providing a defined benefit plan to report their net pension liability. As a result of implementing this new standard, the restatement reduced the FCCOC's beginning net position by \$73,085.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

FLORIDA CLERKS OF COURT OPERATIONS CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2016

NOTE 1: <i>Summary of Significant Accounting Policies</i>
--

Reporting Entity

These financial statements are intended to present the financial position and results of operations of the Florida Clerks of Court Operations Corporation (FCCOC). The FCCOC is a blended component unit of the State of Florida and is included in the State of Florida's annual financial report. The financial statements contained herein represent the financial transactions of only the FCCOC.

The 2013 session of the Florida Legislature amended Section 28.35, *Florida Statutes*, making the Florida Clerks of Court Operations Corporation a stand-alone entity separate from the state and financed through a contract with the Department of Financial Services, effective July 1, 2013.

FCCOC is classified as a not-for-profit governmental entity whose activities are accounted for in a special revenue fund. The FCCOC has no component units.

Government-Wide and Fund Accounting

The FCCOC's financial statements have been prepared in accordance with generally accepted accounting principles prescribed by the Governmental Accounting Standards Board (GASB). GASB Statement No. 34 establishes financial reporting requirements for state and local governments throughout the United States. The financial data of the FCCOC is presented in the required GASB format as discussed on the following pages.

Government-Wide Accounting

The government-wide financial statements, including the Statement of Net Position and the Statement of Activities, report information regarding the activities of the FCCOC. Government-wide statements distinguish between government-type and business-type activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

NOTE 1: *Summary of Significant Accounting Policies (continued)*

As a branch of government that does not levy taxes, the FCCOC is funded by an appropriation of the Florida Legislature through a portion of the fees collected by the Clerks of Court for filing a civil action in Circuit Court, as specified in Section 28.241, *Florida Statutes*. The government-wide financial statements present this activity as a special revenue fund.

Fund Accounting

In fund accounting, the diverse nature of governmental operations and the necessity of determining compliance with legal provisions require modification of accounting systems commonly used by commercial enterprises. The FCCOC special revenue fund is considered a separate entity with self-balancing accounts that include, where applicable, its assets, liabilities, fund equity, revenues, expenditures and other financial sources and uses.

Government Fund Type: Special Revenue Fund – Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments or expendable trusts) that are legally restricted to expenditures for specified purposes.

GASB Statement No. 54 requires fund balance reported in the governmental fund balance sheet to be classified using a hierarchy based primarily on the extent to which a government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Within this hierarchy, fund balance is first classified as nonspendable, then restricted, committed, assigned, and unassigned.

- *Nonspendable* – This component of fund balance consists of amounts that cannot be spent because (a) they are not expected to be converted to cash, or (b) they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund.
- *Restricted* – This component of fund balance consists of amounts that are constrained either (a) externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments), or (b) by law through constitutional provisions or enabling legislation.
- *Committed* – This component of fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolution of the FCCOC's board. These committed amounts cannot be used for any other purpose unless the board removes or changes the specified use by taking the same type of action employed to constrain those amounts.
- *Assigned* – This component of fund balance consists of amounts that are constrained by the FCCOC board's intent to be used for specific purposes, but are neither restricted nor committed.

The FCCOC is a special revenue fund and is a component unit of the State of Florida. The activities of the FCCOC are directed by Florida Statute. Accordingly, the fund balance is classified as restricted.

NOTE 1: <i>Summary of Significant Accounting Policies (continued)</i>
--

Net Position

Net position represents all assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources. The FCCOC does not have any amount required to be reported as deferred outflows/inflows of resources as of September 30, 2016. Net position is presented on the Statement of Net Position into the following categories:

- *Net Investment in Capital Assets* – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.
- *Restricted* – Net position subject to externally imposed stipulations on their use.
- *Unrestricted* – All remaining net position that do not meet the definition of “net investment in capital assets” or “restricted”.

When both restricted and unrestricted resources are available for the same purpose, restricted net position are considered to be used first over unrestricted net position.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The accounting and financial reporting treatment applied is determined by the type of financial statement presentation.

Measurement Focus

The government-wide statements are reported using an economic resources management focus and accrual basis of accounting. With this measurement focus, all assets and liabilities associated with the operation of governmental-type and business-type activities are included in the Statement of Net Position. Revenues are recognized when earned and expenses are recognized at the time the liabilities are incurred in the Statement of Activities. In these statements, capital assets are reported and depreciated.

In the Special Revenue Fund, revenues are based on transfers required by law and actual billings to other governmental agencies and are recognized when they become measurable and available. Expenditures are generally recognized under a modified accrual basis of accounting when the related fund liability is incurred.

Governmental funds are reported using a current financial resources measurement focus and the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets.

NOTE 1: <i>Summary of Significant Accounting Policies (continued)</i>
--

Cash

Cash consists of demand deposits held at qualified public depositories. Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. Therefore, any amount of the FCCOC's demand deposits in excess of FDIC protection would be fully insured or collateralized.

Capital Assets

In the governmental fund statements, general fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental fund types.

In the government-wide statements, tangible assets used in operations with an initial useful life that extends beyond one year and valued at more than a specified threshold are capitalized. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset lives are not capitalized. Capital assets are depreciated using the straight-line method of depreciation over their estimated useful lives (3-5 years). These assets are reported net of accumulated depreciation on the Statement of Net Position.

Deferred Inflows of Resources

Represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time. The FCCOC has deferred inflows of resources related to pension items.

Deferred Outflows of Resources

Represents an acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense) until that future time. The FCCOC has deferred outflows of resources related to pension items.

Support from State Government

The FCCOC received all of its support and revenue from a contract with the State of Florida's Chief Financial Officer. The contract is renewed and/or renegotiated annually. Revenue is recognized as it is received from the Department of Financial Services' CCOC Trust Fund. The CCOC Trust Fund collects court filing fees for Circuit Civil Court cases. The FCCOC receives \$4.50 from each filing fee.

NOTE 1: *Summary of Significant Accounting Policies (continued)*

Estimates

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires FCCOC to make estimates and assumptions based on analytical methods in determining depreciation and various accruals. Actual results may differ from those estimates.

Subsequent Events

Subsequent events were evaluated through January 20, 2017, which is the date the financial statements were available to be released. As of this date, we were not aware of any other subsequent events.

New Accounting Pronouncements

Effective October 1, 2015, the FCCOC adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. Implementation of these statements resulted in a restatement of beginning net position, deferred outflows of resources, deferred inflows of resources and the beginning net pension liability. See note 6 and note 7 for additional disclosures related to this statement.

NOTE 2: *Budgetary Process*

Pursuant to its Plan of Operation, FCCOC shall adopt an annual operating budget and program work plan for each fiscal year, as recommended by the Executive Council. The program work plan shall clearly outline the annual objectives of the Executive Council relative to duties and responsibilities and provide an anticipated schedule for completion of those objectives. The budget and work plan serves as the basis for funding appropriated by the Florida Legislature. The budget is adopted on the modified accrual basis of accounting.

NOTE 3: *Capital Assets*

Capital asset activity for the 15 month period ended September 30, 2016 was as follows:

	<u>September 30, 2015</u>	<u>Additions</u>	<u>Retirements</u>	<u>September 30, 2016</u>
Fixed Assets -				
Furniture and Equipment	\$ 87,947	\$ 3,811	\$ (12,739)	\$ 79,019
Less Accumulated Depreciation	<u>(64,554)</u>	<u>(6,206)</u>	<u>12,739</u>	<u>(58,021)</u>
Capital Assets, net	<u>\$ 23,393</u>	<u>\$ (2,395)</u>	<u>\$ -</u>	<u>\$ 20,998</u>

Depreciation expense of \$6,206 is recorded in the Statement of Activities for the government-wide statements.

NOTE 4: Operating Leases

The FCCOC has a short-term lease agreement for office space and office equipment. The lease is accounted for as an operating lease. Lease payments are recorded as expenditures of the fund when paid and incurred. Rental expenditures for the year ended September 30, 2016 was \$33,750. The remaining obligation associated with the office space is \$33,744 for the year ended September 30, 2017.

NOTE 5: Long-Term Liabilities

Long-term liability activity for the year ended September 30, 2016 is as follows:

	Beginning Balances	Additions	Payments	Ending Balances	Current Portion of Long-term Liabilities
Accrued Leave Liability	64,262	34,626	31,532	66,158	13,232

Total Long-Term Debt	<u>\$ 64,262</u>	<u>\$ 769,013</u>	<u>\$ 97,805</u>	<u>\$ 866,818</u>	<u>\$ 13,232</u>

NOTE 6: Florida Retirement System Plans

Florida Retirement System:

General Information – All of the FCCOC’s employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (“Pension Plan”) and the Retiree Health Insurance Subsidy (“HIS Plan”). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (“Investment Plan”) alternative to the FRS Pension Plan, which is administered by the State Board of Administration (“SBA”). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

NOTE 6: *Florida Retirement System Plans (continued)*

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site: www.dms.myflorida.com/workforce_operations/retirement/publications.

Pension Plan

Plan Description – The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees.

Benefits Provided – Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers’ class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers’ class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

NOTE 6: Florida Retirement System Plans (continued)

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions – Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2015 through June 30, 2016 and from July 1, 2016 through September 30, 2016, respectively, were as follows: Regular—7.26% and 7.52%; Senior Management Service—21.43% and 21.77%; and DROP participants—12.88% and 12.99%. These employer contribution rates include 1.66% and 1.66% HIS Plan subsidy for the periods October 1, 2015 through June 30, 2016 and from July 1, 2016 through September 30, 2016, respectively.

The FCCOC's contributions, including employee contributions, to the Pension Plan totaled \$57,696 for the fiscal year ended September 30, 2016.

The FCCOC's recognizes pension liabilities, pension expense and deferred outflows of resources and deferred inflows of resources related to pensions on the accrual basis of accounting. At September 30, 2016, the FCCOC reported a liability of \$604,194 for their proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The FCCOC's proportionate share of the net pension liability was based on the FCCOC's 2015-16 fiscal year contributions relative to the 2015-16 fiscal year contributions of all participating members. At June 30, 2016, the FCCOC's proportionate share for all funds was .0024 percent, which was an increase of .0005 percent from its proportionate share measured as of June 30, 2015.

For the fiscal year ended September 30, 2016, the FCCOC recognized pension expense of \$154,266. In addition, these activities reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	FRS Pension	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 46,262	\$ 5,625
Changes of Assumptions	36,552	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	156,177	-

Pension Plan Contributions Subsequent to the Measurement Date	14,230	-
Total	<u>\$ 486,924</u>	<u>\$ 5,625</u>

NOTE 6: <i>Florida Retirement System Plans (continued)</i>

The Pension Plan's deferred outflows of resources related to the FCCOC's contributions to the Plan subsequent to the measurement date, totaling \$14,230 will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Year ended June 30:	FRS Amount
2017	\$ 64,336
2018	64,336
2019	186,200
2020	127,434
2021	18,744
Thereafter	6,018
Total	<u><u>\$ 467,069</u></u>

Actuarial Assumptions – The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

Inflation	2.60 %
Salary increases	3.25%, average, including inflation
Investment rate of return	7.60%, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

NOTE 6: Florida Retirement System Plans (continued)

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>

(1) As outlined in the Pension Plan's investment policy

Discount Rate – The discount rate used to measure the total pension liability was 7.60%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the FCCOC's Proportionate Share of the Net Position Liability to Changes in the Discount Rate – The following represents the FCCOC's proportionate share of the net pension liability calculated using the discount rate of 7.60%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.60%) or one percentage point higher (8.60%) than the current rate:

	FRS Net Pension Liability		
	1% Decrease (6.60%)	Current Discount Rate (7.60%)	1% Increase (8.60%)
Proportionate Share of the Net Pension Plan Liability	\$ 1,112,362	\$ 604,194	\$ 181,211

Pension Plan Fiduciary Net Position – Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

NOTE 6: <i>Florida Retirement System Plans (continued)</i>

HIS Plan

Plan Description – The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided – For the fiscal year ended September 30, 2016, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2016, the HIS contribution for the period October 1, 2015 through June 30, 2016 and from July 1, 2016 through September 30, 2016 was 1.66% and 1.66%, respectively. The FCCOC contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The FCCOC's contributions to the HIS Plan totaled \$8,577 for the fiscal year ended September 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – The basis of accounting and financial reporting of the FCCOC's HIS Plan is identical to that of the FCCOC's Pension Plan. At September 30, 2016, the FCCOC reported a liability of \$196,466 for their proportionate share of the FCCOC's HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The FCCOC's proportionate share of the net pension liability was based on the FCCOC's 2015-16 fiscal year contributions relative to the 2015-16 fiscal year contributions of all participating members. At June 30, 2016, the FCCOC's proportionate share of all funds was .00017 percent, which was an increase of .0001 percent from its proportionate share measured as of June 30, 2015.

For the fiscal year ended September 30, 2016, the FCCOC recognized pension expense of \$36,802. In addition, these activities reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 6: Florida Retirement System Plans (continued)

	HIS Pension	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ -	\$ 447
Changes of Assumptions	30,830	-

HIS Plan Contributions Subsequent to the Measurement Date	2,305	-
Total	<u>\$ 121,827</u>	<u>\$ 447</u>

The deferred outflows of resources related to the HIS Plan resulting from the FCCOC's contributions to the HIS Plan subsequent to the measurement date, totaling \$2,305, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2016. Other amounts reported as deferred outflows of resources related to the HIS Plan will be recognized as pension expense as follows:

Year ended June 30:	HIS Amount
2017	\$ 21,322
2018	21,322
2019	21,248
2020	21,213
2021	18,352
Thereafter	15,617
Total	<u>\$ 119,075</u>

Actuarial Assumptions – The total pension liability in the July 1, 2016, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 %
Salary increases	3.25%, average, including inflation
Municipal bond rate	2.85 %

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

NOTE 6: <i>Florida Retirement System Plans (continued)</i>

Discount Rate – The discount rate used to measure the total pension liability was 2.85%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the FCCOC's Proportionate Share of the Net Position Liability to Changes in the Discount Rate – The following represents the FCCOC's proportionate share of the net pension liability calculated using the discount rate of 2.85%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (1.85%) or one percentage point higher (3.85%) than the current rate:

		HIS Net Pension Liability		
		Current Discount		
		1% Decrease	Rate	1% Increase
		(1.85%)	(2.85%)	(3.85%)
Proportionate Share				
of the Net HIS Plan Liability				
\$	225,391	\$	196,466	\$ 172,460

Pension Plan Fiduciary Net Position – Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 and 0.06 percent of payroll and by forfeited benefits of plan members for the periods October 1, 2015 through June 30, 2016 and from July 1, 2016 through September 30, 2016, respectively. Allocations to the investment member's accounts during the 2015-16 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class 6.30% and Senior Management Service class 7.67%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2016, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the FCCOC.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The FCCOC's Investment Plan pension expense totaled \$7,169 for the fiscal year ended September 30, 2016.

NOTE 7: <i>Restatement</i>

The restatement resulted from the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, which required employers providing a defined benefit pension plan to report the net pension liabilities of the plans. The beginning net position was restated as shown below for fiscal year 2016:

STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Florida Clerks of Court Operations Corporation
Tallahassee, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Florida Clerks of Court Operations Corporation, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise Florida Clerks of Court Operations Corporation's basic financial statements, and have issued our report thereon dated January 20, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Florida Clerks of Court Operations Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Florida Clerks of Court Operations Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Florida Clerks of Court Operations Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

To the Board of Directors
Florida Clerks of Court Operations Corporation
Page Two

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Florida Clerks of Court Operations Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR STATE PROJECT AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

To the Board of Directors
Florida Clerks of Court Operations Corporation
Tallahassee, Florida

Report on Compliance for Each Major State Project

We have audited Florida Clerks of Court Operations Corporation's compliance with the types of compliance requirements described in the *Department of Financial Service's State Projects Compliance Supplement* that could have a direct and material effect on each of the Florida Clerks of Court Operations Corporation's major state projects for the year ended September 30, 2016. Florida Clerks of Court Operations Corporation's major state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its major state projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Florida Clerks of Court Operations Corporation's major State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General. Those standards and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State project occurred. An audit includes examining, on a test basis, evidence about Florida Clerks of Court Operations Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major State project. However, our audit does not provide a legal determination of the Florida Clerks of Court Operations Corporation's compliance.

Opinion on Each Major State Project

In our opinion, Florida Clerks of Court Operations Corporation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state projects for the year ended September 30, 2016.

Report on Internal Control over Compliance

Management of Florida Clerks of Court Operations Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Florida Clerks of Court Operations Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major State project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State project and to test and report on internal control over compliance in accordance with Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Florida Clerks of Court Operations Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or as combination of deficiencies, in internal control over compliance with the type of compliance requirement of a State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses, or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and results of that testing based on the requirements of Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Executive Corporation Meeting

June 12, 2017

Date: June 12, 2017

Subject: CCOC Office CFY 15/16 Final Financials

Corporation Action:

For Information Purposes and Corporation Membership Review.

Overview:

Last year the CCOC Office had vacancies which decreased our expenditures. The Budget Director's position remained unfilled for 11 months and the Database Administrator position for 7 months. We filled the Budget Director's position at the end of CFY 15/16 and reclassified the position as Budget and Communication's Director at a higher salary. Likewise we will be reclassifying the Database Administrator position as well. This is based on a recent organization study of the CCOC conducted by Evergreen Solutions, Inc.

Our Mission:

As a governmental organization created by the Legislature, we evaluate Clerks' court-related budgetary needs, and recommend the fair and equitable allocation of resources needed to sustain court operations.

Executive Corporation Meeting

June 12, 2017

Date: June 12, 2017

Subject: CCOC Office CFY 16/17 Financials through April

Corporation Action:

For Information Purposes and Corporation Membership Review.

Overview:

For the first 7 months of CFY 16/17 the Corporation office has expended just over 50% of its budget. We expect to expend more during the last 5 months of the year as we now have all of our positions filled with the exception of one, and contractual expenses will be higher for educational services at the end of the year.

Agenda Item 5

Executive Corporation Meeting

June 12, 2017

Date: June 12, 2017

Subject: CCOC Office CFY 17/18 Budget Request

Corporation Action:

Action Requested. Approve 17/18 Corporation Budget and/or Process for Approval.

Overview:

For the last year three years the CCOC held off making a recommendation for the Corporation Office budget request until after the Clerks submitted their budget requests and the Budget Committee made recommendations to the Council for Clerk budgets. The reason was the Council did not want to recommend a CCOC Office budget that was not in-line with the budget recommendations for the majority of Clerks statewide. The Budget Committee will not be making recommendations on Clerks' budgets to the Executive Council until sometime this summer. Therefore a recommendation for approval of a CCOC Budget held prior to that may not be in-line with the budget recommendations for Clerk budgets.

However, the CCOC Plan of Operations requires that the full Corporation membership vote annually on the CCOC budget. The Corporation membership could agree to either revise the Plan of Operations language to allow the Executive Council to approve a budget at a later time or could in their motion provide the Council with authority for this year to later approve a budget request.

Recommendation:

Present a continuation budget request for review for the Corporation membership but provide that the Executive Council be given the authority to revisit the request after Clerks' budget requests are approved for CFY 17/18.

Executive Corporation Meeting

June 12, 2017

Date: June 12, 2017

Subject: Tentative Meeting Dates for 17-18

Corporation Action:

Review Calendar of tentative meeting dates.

Overview:

The CCOC Plan of Operation in Section 1.5 requires that at the annual Corporation meeting the Council shall establish a schedule of all regular meetings for the coming year. Historically, the CCOC has attempted to arrange all Council meetings with the FCCC training schedule in order to make it more convenient for Clerks and staff to attend meetings. However in many instances the FCCC training calendar has not been set for the full upcoming year when we have the annual Corporation meeting. Therefore, the Council usually provides a list of tentative meeting dates.

We contacted the FCCC and they provided us a tentative calendar on June 5th. (Attached.) Below are the potential meeting dates which could be subject to change.

July-August, 2017- Dependent on the approval of SB 2506 the Council will need to determine which dates to meet to determine the CFY 17/18 Clerks' budgets.

October 9th or 10th, 2017- Executive Council Meeting. Location: Wyndham Grand at Bonnet Creek, Orlando. The meeting would take place prior to the 2017 Fall Conference.

February ?, 2018- Executive Council Meeting. Location and date TBD. This would be in association with the FCCC Winter Conference which has not been scheduled yet.

June 25th or 26th, 2018- Executive Council Meeting. Hilton, West Palm Beach. The meeting would take place prior to the 2018 Summer Conference.

Agenda Item 8

Executive Corporation Meeting

June 12, 2017

Date: June 12, 2017

Subject: Other Business: CCOC Plan of Operation

Corporation Action:

Review Executive Council Recommendations for Plan of Operation revisions.

Overview:

The last time the CCOC Plan of Operation was revised was in 2013. At the February 27th CCOC Executive Council meeting it was announced by Vice-Chair Clerk Burke that he would be reviewing the Plan to determine if there should be any updates and/or revisions since it had been almost 4 years since they were last reviewed. He asked that all Clerks please contact him if they had any suggestions. He stated he would be bringing any suggested changes back to the next Executive Council meeting.

The CCOC Executive Council will be reviewing the suggested revisions and providing recommendations at their June 12th meeting.

Attachments: Revised CCOC Plan of Operations- with mark-ups indicated.

Our Mission:

As a governmental organization created by the Legislature, we evaluate Clerks' court-related budgetary needs, and recommend the fair and equitable allocation of resources needed to sustain court operations.

PLAN OF OPERATION

FLORIDA CLERKS OF COURT OPERATIONS CORPORATION

ARTICLE I GENERAL PROVISIONS

Section 1-1: Name

The name of the Corporation shall be the Florida Clerks of Court Operations Corporation.

Section 1-2: Establishment

The Florida Clerks of Court Operations Corporation, hereinafter known as “Corporation”, is established under Section 28.35, Florida Statutes, as amended from time to time. The statutory duties assigned to the Corporation shall be performed by the Executive Council. Any future reference to the Executive Council in this document shall be referred to as the “Council”.

Section 1-3: Legal Structure

A. The Corporation is established as a public corporation organized to perform those functions specified in statute and delineated herein.

B. Membership in the Corporation shall be the Clerks of the Circuit Court who shall hold their position and authority in an ex officio capacity.

C.
