Additional Information

Section 5: Additional Information (Optional)	
Additional Information	
Please provide any additional information you feel explain the figures provided within this operational budget.	
2. Identify any non-CCOC funding sources from Exhibit E in this text box.	
3. Provide explanation for differences from Section 1b above, in this text box.	

Clerk of the County Court Recorder of Deeds Clerk and Accountant of the Board of County Commissioners Custodian of County Funds County Auditor 110 North Apopka Avenue Inverness, Florida 34450 Telephone: (352) 341-6480 Fax: (352) 341-6491 avick@citrusclerk.org www.citrusclerk.org

Dear Budget Committee Members,

Please find below a summary of the budget request for Citrus County with narrative and graphical information.

The CCOC heard our appeal in the 2019/20 fiscal year and made us whole by funding the \$530,000 we had been subsidizing. That was greatly appreciated and helped ensure adequate service levels that year. Unfortunately, since that time our CCOC authorized expenditures have increased in total only \$86,048, including 2020/21 when we were cut \$337,950. This \$86,048 falls well short of even keeping up with inflation.

Meanwhile, our expenditures during that same period increased \$655,861. We find ourselves in the same sinkhole, subsidizing court expenditures by well over \$550,000 per year from 2021 through 2023.

	CCOC	CCOC	CCOC		Needs Based	Final Needs	
	Determined	Increase /	Authorized		Budget	Based	Amount
_	Base Budget	(Decrease)	Expenditures		Submitted	(Operational)	Subsidized
2020	n/a		2,977,771	_	2,896,048	2,977,771	-
2021	3,050,132	(337,950)	2,712,182		3,159,417	3,296,696	584,514
2022	2,712,182	283,367	2,995,549		3,299,164	3,560,955	565,406
2023	3,030,989	32,830	3,063,819		3,241,761	3,633,632	569,813
FY 2023 less FY	7 2020		86,048			655,861	

The base budget process has not been realistic and compounds the deficit each year.

In the current fiscal year the payroll and benefits for the 54.3 FTE's who are 100% dedicated to court is \$3,348,748. My total authorized expenditures for the year are \$3,063,819. Clearly, I will be subsidizing court personal services costs and will not be able to cover any of my indirect costs or operating costs.

My CFY 2023/24 needs based budget requests are as follows:

CFY 2022/23 Budget	FY 2023 Authorized \$	3,063,819
FRS Automatic	CCOC Calculated FRS Increase over Operationa	48,750
	CCOC Base Budget	3,112,570
Budget Issue 1	Health Insurance Increase (Non-discretionary)	60,914
Budget Issue 2	Pay and Benefits (FTE's from Operational Budg	666,002
Budget Issue 3	Pay and Benefits (additional covered FTE's 10.	852,667
Budget Issue 4	Operating Costs Shifted to CCOC	96,491
Budget Issue 5	Separation Payout	16,292
CFY 2023/24 Needs Base	ed Request \$	4,804,936

Budget Issue #1 is beyond my control. The health insurance rate increased 13%.

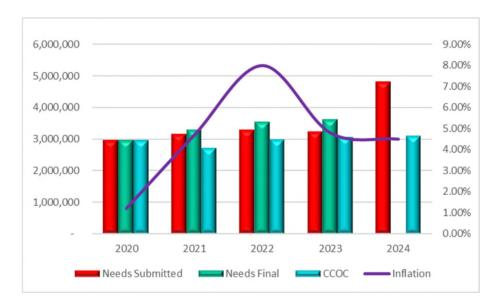

<u>Budget Issue #2</u> addresses the increase in FRS rates not covered in the base budget, comprising \$194,420. This also includes merit increases and other related variable benefits for existing staff. Unlike many of my colleagues, I am not at a \$15 or more per hour minimum pay rate. In fact, my starting pay rate is \$13.70. I am losing in the competition with other constitutional officers, the County and even fast food restaurants. This request includes bringing my starting rate to \$15 per hour.

<u>Budget Issue #3</u>, addresses a more accurate allocation of indirect costs to arrive at a true FTE count of staff performing court related duties. We are requesting funding for 10.72 additional FTE's. These are not new FTE's. They are, and have been, currently employed staff performing court related duties. We did a more thorough analysis of our indirect cost allocation and realized these employees have not been allocated appropriately.

Budget Issue #4 covers the operating costs, which have been covered from other sources due to the annual ½ million-dollar shortfall.

Budget Issue #5 is separation payout, a normal, recurring situation for all of us.

The following chart shows our needs based budget, our final needs based from our operational budget, and the CCOC authorized amount. I have included the inflation rate, as well. The difference between the two needs based columns is related to constraints determined during the budget process and ultimately removed from our requests.

I trust this information will aid in your understanding and please know that I, along with the entire team of deputy clerks in Citrus County, would greatly appreciate your consideration of our request to fully fund the needs based budget as presented.

Respectfully submitted,

Angela Vick Citrus County

	Current other benefits include Dental Insurance, Vision Insurance, Long-term Disability Insurance and Short-term Disability Insurance that are all paid by the Clerk of Court office.
	We have several employees who will be retiring within 12-15 months but have not committed to a firm date.
Additional Info	The Clerk is allocated based on head count for direct court and direct non-court activities. Our percentage is less than 60%.

Explain in Additional info

Vision, Dental or Life Insurance: Other (Explain):

Additional Information

Section 5: Additional Information (Optional)

Additional Information

- 1. Please provide any additional information you feel explain the figures provided within this operational
- in this text box.
- 3. Provide explanation for differences from Section 1b bove, in this text box.

note: CFY2023/2024 Operational Budget submitted using CFY22/23 template because the correct template is not yet available.

- 1. Collier County has a high cost of living at 113% of the State average and a high percentage of cases under continuance. Collier covers 2,025 square miles to provide services to remote areas with eight satellite offices which some being located 34 to 42 miles from the main Courthouse.
- 2a. ("E" line 38) Collier County BOCC pays \$160,000 for Clerks for Hearing Officer/Magistrate hearings who would otherwise be charged to the court budgets. 2b. ("E" line 39) No "Other non-CCOC funding".

expenditures. Revenues are reflected to cover necessary expenses. Consideration of reduction in expenses will not meet the needs of Collier County to serve customers.

2. Identify any non-CCOC funding sources from Exhibit E 3. This is a minimum current staffing budget that does not cover the full needs of the Collier County Clerk's office and does not reflect the funds needed to effectively serve Collier County citizens. The authorized budget does not consider cost of living or county land size in providing services, performance measures, or other statutory considerations. This budget does include the 2024 County pay plan implementation necessary for court staffing retention. Collier County continues to be a donor county without considering differences in service levels among counties. The expectation of a balanced budget appears only to be to the detriment of donor counties. "Across the board cuts" are not an equitable form of budgeting when self-supporting donor counties must absorb expenditure cuts, while recipient counties continue to spend above their ability to generate sufficient revenue to become self-supporting. This model's continued application perpetuates insufficient funding for counties meeting standards with minimal staffing, while funding counties not meeting standards and without consideration of all the statutorily required factors. The 2024 Collier Clerk's budget conforms to F.S. 28.36 requiring that each Clerk must submit a proposed budget that must be balanced such that the total of the estimated revenues available equals or exceeds the total of the anticipated

Crystal K. Kinzel

Collier County
Clerk of the Circuit Court and Comptroller
3315 Tamiami Trail East, Suite 102
Naples, Florida 34112-5324

June 1, 2023

Budget Committee Members:

As noted, several times in previous meetings and correspondence, the Corporation does not appear to be following Florida Statutes 28.36(2) when asking the counties to submit their budget requests. For at least the last three years, we have been given a "base" or "revenue limited" budget and asked to submit our budget issues for a list of items. This is not the format prescribed in the statutes. In fact, the process provided appears in direct conflict with the requirements of s. 28.36:

- **s. 28.36** Budget procedure—There is established a budget procedure for the court-related functions of the clerks of the court.
- (1) Only those functions listed in s. <u>28.35(3)(a)</u> may be funded from fees, service charges, court costs, and fines retained by the clerks of the court.
 - (2) <u>Each proposed budget</u> shall further conform to the following requirements:

Note: Each means each Clerk, not the combination of all clerks.

(a) On or before June 1, the <u>proposed budget shall be prepared</u>, <u>summarized</u>, <u>and submitted by the clerk in each county</u> to the Florida Clerks of Court Operations Corporation in the manner and form prescribed by the corporation. <u>The proposed budget must provide detailed information on the anticipated revenues available and expenditures necessary for the performance of the court-related functions listed in s. 28.35(3)(a) of the clerk's office for the county fiscal year beginning October 1.</u>

Note: Each county does not mean all counties combined, it means each Clerk for each county.

(b) The <u>proposed budget must be balanced</u> such that the total of the estimated revenues available equals or exceeds the total of the anticipated expenditures.

Note: The proposed budget is by EACH county and must be balanced.

Phone- (239) 252-2646 Website- www.CollierClerk.com Fax- (239) 252-2755 Email- CollierClerk@collierclerk.com Such revenues include revenue projected to be received from fees, service charges, court costs, and fines for court-related functions during the fiscal period covered by the budget, <u>plus the total of unspent budgeted funds for court-related functions carried forward by the clerk of the court from the previous county fiscal year</u>

Note: Plus, the total of unspent budgeted funds for court-related functions carried forward by the clerk of the court from previous county fiscal year, clearly means that each clerk in each county should be able to retain unspent funds from the prior year, not have those funds swept up by the corporation for re-distribution. This would not only encourage limited spending so that funds would be available but is more operationally realistic as neither each month nor each year is necessarily similar.

plus the portion of the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37(4)(b) which has been allocated to each respective clerk of the court by the Florida Clerks of Court Operations Corporation. For the purposes of this paragraph, the term "unspent budgeted funds for court-related functions" means undisbursed funds included in the clerk of the courts' budget for court related functions established pursuant to s. 28.35 and this section. The anticipated expenditures must be itemized as required by the corporation.

Note: Plus, the portion of the balance of funds remaining in the Clerks of Court Trust fund, also seems clear that the Trust Fund should then be distributed as needed.

By not requiring a balanced budget from each county, we as the Budget Committee are eliminating any incentive for the donor counties to develop and improve processes or reduce costs. The model that is being continued with a "base" or "revenue limited" budget disregards the cuts that have taken place in the past and rewards those who may not be improving their revenues or cutting costs. Consequently, deficit counties reap the benefits of receiving funds not earned by their county and continue to not be required to live within their earned revenues or meet established standards.

By not requesting balanced budgets from each county, the committee is eliminating all incentives for "donor" counties to increase their collections, improve processes or streamline processes. Why would a donor county want to increase their revenue collections when it is taken from the county where it is earned and given to another county that may or may not meet established standards? Why would we continue to spend dollars to collect funds for other counties? This is inherently nonsensical yet continues to be the request and "mandate" (e.g., compliance staffing) put forward to "improve" our budget funding.

Collier County's budget has not improved, we have continually been penalized by this flawed funding model while providing "surplus" revenue to other counties. Since 2014, the Collier County Clerk's Office has provided \$9,758,190.11 in surplus funds to the CCOC that has been redistributed to other counties. In this same timeframe funds have been given to counties in excess of their requested needs budget. We have not been able to move forward on numerous planned improvements due to staffing issues and increases in mandated requirements which are all reliant upon proper funding.

Collier County remained open throughout the COVID 19 pandemic and multiple hurricanes. We were the first to complete the UCR project. Collier is a vast county at over 2,305 square miles in

Phone- (239) 252-2646 Website- <u>www.CollierClerk.com</u> land mass and has several satellite offices to support resident's ability to conduct court and county business. The Courts are adding two new courtrooms in the courthouse that will have to be staffed.

The cost of living in Collier County is one of the highest in the state at 113% of average, and we are still one of the fastest growing counties. The downside to the cost of living and incredible growth is the resulting skyrocketing housing costs. The cost to rent a modest one-bedroom apartment in Collier County is between \$1,250 and \$2,400 in 2023. The cost of living and the housing costs reduce the labor pool that we can employ without competitive salaries. Yet, while our revenues are growing, we are not authorized to use the dollars we earn in Collier.

Collier County has grown from 347,000 in 2014 to over 405,000 people in 2023. This is almost a 17% increase in that time span. During season, we serve at least an additional 20% population. All of this growth occurred while our court staff was reduced by 34% due to lack of funding for Collier County. We cannot sustain services at these levels.

If we had been able to retain the funds we generated, we would have had better opportunities to recruit and train employees. We are only requesting to retain the revenues we earn in Collier County to maintain a balanced budget as required by Florida Statute. These revenues are a result of activities that occurred in Collier County and were collected in Collier County. They should be used to first sustain Collier County services. We would most likely continue to be a donor county. I have urged you to consider the budget issues that we have presented for a few years.

The budget that is being required of us again for FY2023-24 is based upon the prior year's unworkable funding of "revenue limited" spending authority. We continue to fund counties which may not have provided some services during Covid, have not met collections or timeliness guidelines, and have not met UCR requirements. This is a strong indication that the corporation's model continues to be broken, and as noted above, appears contrary to statute and statutory intent.

The Collier County budget submission is balanced and represents our needs to continue to perform court services. Thank you for your consideration of our request.

Senior Judge Caseload & Hearing Impact

Senior Judge Olin Shinholser FY 21-22:

Senior Judge Olin Shinholser FY 22-23

This report shows intentionally scheduled trials for Judge Shinholser. When Senior Judges including Judge Shinholser, McKibben, and Langford fill in for any hearing that has already been scheduled for another judge, the calendar event does not reflect the Senior Judge's participation. Senior judges have filled in on arraignments, first appearances, small claims pre-trial hearings, and child support DRD hearings. As such, there are far more than 5 instances of Senior Judges spending days in Highlands to help with caseloads in the past two years. Two case documents reflecting Senior Judge Activity outside of the report in different Highlands hearings are included below.

Judge Estrada:

Is it safe for us to facilitate the dates noted by Jean below for the Kelly Courtroom and the Mediation Rooms? Jean and Judge did indicate that the Kelly Courtroom Deliberation Room could be facilitated for one of the mediators, but I know Forrest is planning to send at least 2 mediators at first until he decides if one would be sufficient.

Touch base when time allows, Cyndi

Subject: Highlands Small Claims' INFO/New PTC Dates and NEW Judge

Dear Jean:

When time allows, could you please provide more Small Claims Pre-Trial Dates for Judge Horton in Highlands County? I've had a request for late May or after, and the last date you provided is May 18 @ 9am.

I remember that Judge Horton is on vacation now, so this question can definitely wait until his return if needed. I just wanted to reach out with that question since it came up in conversation with a law firm that needs a status pre-trial.

Thanks for all you do to help me,

Cyndi Sue

Dear Jean:

I didn't see your name on these last emails, so I thought I better reach out just to touch base.

Everybody is on board and we've started setting an in-person docket for Judge Horton beginning on Tuesday, 3/21/23 @ 9am in the Kelly Courtroom. All of the other dates noted below are a "go." We are excited and grateful to work with you soon.

Call or email me if you need anything.

Thank you, Cyndi Sue Cyndi S. Dassinger, Director, Civil / Child Support/ Probate Jerome Kaszubowski, Clerk of Courts,

Hal -

In-person for Sebring starts March 21st with Judge Horton presiding.

The following dates are the NEW PRE-TRIAL CONFERENCE DATES for Highlands County Small Claims' that have been coordinated between Judge Horton, the SC Clerk's office and Judge Estrada (as Admin Judge – for Courtroom Availability purposes):

Tuesday	March 21	9:00 a.m.
Tuesday	April 4	9:00 a.m.
Thursday	April 20	9:00 a.m.
Thursday	May 4	9:00 a.m.
Thursday	May 18	9:00 a.m.

I will mark you down for Highlands County on these dates.

Forrest

Senior Judge Caseload & Hearing Impact

Senior Judge Olin Shinholser FY 21-22:

Senior Judge Olin Shinholser FY 22-23

This report shows intentionally scheduled trials for Judge Shinholser. When Senior Judges including Judge Shinholser, McKibben, and Langford fill in for any hearing that has already been scheduled for another judge, the calendar event does not reflect the Senior Judge's participation. Senior judges have filled in on arraignments, first appearances, small claims pre-trial hearings, and child support DRD hearings. As such, there are far more than 5 instances of Senior Judges spending days in Highlands to help with caseloads in the past two years. Two case documents reflecting Senior Judge Activity outside of the report in different Highlands hearings are included below.

Notes

Used incorrect FRS type in FY23 Operational budget, should have used regular DROP- corrected in FY24 request/calculation

CCOC calculation

Difference (of which we requested 35,659 as budget issue #1). The total difference is due to the CCOC calculation only taking into account the FRS rate increase, not the salary increase impacting the FY24 FRS budget)
