**I. OPERATIONAL BUDGET OVERVIEW**

**A. AUTHORITY & PURPOSE**

The CCOC Budget Committee is requesting each county to complete an Operational Budget for the current fiscal year. This information will allow the CCOC to provide data to our counterparts in the Legislature and Governor’s Office, as well as help provide useful information during legislative session to tell the clerk’s story. The information will also aid the CCOC in their ongoing analysis and oversight of budgetary concerns throughout the fiscal year and provide detail on how funds will be spent.

**B. BUDGET SUBMISSION INSTRUCTIONS**

For the current fiscal year, the following files will comprise a county’s Operational Budget Submission: Operational Budget (Excel file) and the signed Certification Letter (PDF file). Files should be submitted to the CCOC email address, [reports@flccoc.org](mailto:reports@flccoc.org), by the close of business on **Friday, February 9, 2024**.

If you have questions or issues with your submission, please contact CCOC staff via emailing a staff member directly or by calling the office at (850) 386-2223. Please **do not** email questions or comments to [reports@flccoc.org](mailto:reports@flccoc.org) as this email is not maintained for correspondence. Visit our website for more information on [CCOC Staff](#) members.

File Location: All forms can be found on the CCOC website: [flccoc.org/clerks-budget/](http://flccoc.org/clerks-budget/).

File Name: When saving the file, replace “CountyName” with your county’s name, such as Liberty. For the first submission, the version number should be 1. If you submit a revised version, make sure to indicate the version number in the file name as well as on the form.

The file name for the Operational Budget Excel file is:

**Default File Name:** CountyName CFY2324 Operational Budget VerX.xlsx

**Sample File Name:** Marion CFY2324 Operational Budget Ver1.xlsx

**C. TIMELINE**

CCOC staff will perform technical reviews of Operational Budget submissions in February and March. Upon completion of technical reviews, CCOC staff will contact each county individually if corrections or updates are needed.

**D. INSTRUCTIONS**

Detailed instructions for the Operational Budget form follow in Section II.

II. OPERATIONAL BUDGET – EXHIBITS AND INSTRUCTIONS

A. LIST OF EXHIBITS

Exhibit	Exhibit Name
A	Front Page
B	Gross Court Personnel Detail
B1	Gross FTEs
B2	Personnel Cost
C	Operating Costs Detail
C1	Operating Costs
D	Capital Costs Detail
D1	Capital Costs
E	Net Budget Amount
G	Additional Information

B. GENERAL GUIDELINES

The following guidelines apply to the Operational Budget submission:

1. Include **all** budgeted **court-related** expenditures, even if the costs are paid by other entities or from other revenue sources.
2. **Do not** include any non-court-related functions, expenditures, or positions that are 100% non-court.
3. “Give proper deference to the constitutional and statutory obligations of counties to fund certain needs of the court system.” **Do not** include items that the county is responsible for funding such as facilities, maintenance, utilities, security, etc.  
(See [section 14, Art. V](#) of the State Constitution, [s. 29.008\(1\), F.S.](#), and Appendix C)
4. Court-related personnel services, operating, and capital costs/expenditures for IT purposes **may** be included if those costs/expenditures are “part of administrative support to perform the court-related functions delegated to the Clerk of Court under s. 28.35(3) (a), F.S.” (See Appendix C)
5. **Do not** drag cells or delete rows as this will override programming built into the form. Any changes to this programming will require that the information be copied to a new form before it can be brought into the CCOC database.
6. **Do not** link entries in the Operational Budget spreadsheet to outside sources such as a database or another Excel file. Data connections can become broken, and, while data may still be visible, the data cannot be imported into the CCOC database. The CCOC recommends performing calculations in another spreadsheet then copying and pasting back into the Operational Budget spreadsheet using the “paste special - values” feature.

7. **Do not** use formulas or equations within the spreadsheet. While the form will allow you to enter formulas for certain fields, issues can arise when the data is imported into the CCOC database. The CCOC recommends copying the Exhibit you are working on and pasting into a new Excel workbook where all calculations can be made then copied into the Operational Budget spreadsheet using “paste special - values” to copy the result.
8. Copying and pasting does not affect **text** in the spreadsheet. The CCOC recommends that all **numerical** values be hand keyed, when possible, to reduce issues that would prevent the submission from entering the CCOC database.
9. Use the CCOC provided **drop-down menus** to make selections whenever possible. This will reduce discrepancies between copied data and the CCOC’s ability to import the data.

### C. INSTRUCTIONS BY EXHIBIT

#### Exhibit A – Front Page

**Purpose:** To provide identification information and to display warnings as the result of automated checks throughout the Operational Budget form.

**Instructions:**

3. Warning Types:
  - a. Level 1 – ERROR (Red, Severe)
    - i. Budgets **cannot** be submitted with red warnings and cannot be imported into the CCOC database. CCOC will return your file to you via e-mail.
    - ii. A red warning will prohibit your budget submission from moving forward and usually indicates a major issue in the budget form.
  - b. Level 2 – Warning (Orange, Moderate)
    - i. Budgets can be submitted to the CCOC with orange warnings.

**INSTRUCTIONS – CFY 2023-24 OPERATIONAL BUDGET**

- iii. Provide thorough explanation for Warnings in appropriate comment boxes.
- c. Level 3 – Warning (Yellow, Mild)
  - i. Budgets can be submitted to the CCOC with yellow warnings.
  - ii. A yellow warning will not prevent a submission from moving forward but could cause a delay while information is verified as acceptable.
  - iii. Provide thorough explanation for Warnings in appropriate comment boxes.
- d. Level 4 – Info Only (Green)
  - i. Budgets can be submitted with green warnings.
  - ii. A green warning will not delay a budget from moving forward.

9. If entering information from another spreadsheet, the copy and paste special values feature in Excel can be utilized.
  - a. The “Paste Special, Values” feature will truncate the figure entered and not round, potentially causing rounding errors. The CCOC advises you to verify your figures and enter manually when possible. Text fields are not affected by the paste feature.
  - b. Using this feature will override data available from drop-down menus. In order for data to be pulled into the CCOC database correctly, please use the drop-down menus for Columns C, D, F, and G.
  - c. There are hidden columns on the Operational Budget form so be careful when copying full rows. CCOC advises copying full columns.

III. Appendices

Appendix: A. GLOSSARY

Term	Definition
Budgeted (Gross) Expenditures	<p>Costs included in the proposed budget and anticipated to be expended on personnel during the upcoming fiscal year. Budgeted personnel services costs should take into account that some budgeted positions will be vacant part of the year depending on how long it typically takes to fill vacancies and new positions.</p> <p>The budgeted expenditures reported in this Budget submission should be gross expenditures, which is all applicable expenditures whether or not the expenditures are paid for by other entities or other revenue sources. However, “give proper deference” regarding any positions that the county is obligated to incur such as those related to facilities, maintenance, utilities, security, etc. (See <a href="#">section 14, Art. V</a> of the State Constitution, <a href="#">s. 29.008(1), F.S.</a>, and Appendix C)</p>
Budgeted Positions	<p>FTE positions, not specific employees, included in the budget submission and anticipated to be used to perform functions during the requested budget fiscal year. They may be budgeted as full- or part-time positions, and they may be vacant part of the year. The budgeted positions should be gross FTE positions, meaning all applicable FTE positions regardless of the funding source. However, “give proper deference” regarding any positions that the county is obligated to incur such as those related to facilities, maintenance, utilities, security, etc. (See <a href="#">section 14, Art. V</a> of the State Constitution, <a href="#">s. 29.008(1), F.S.</a>, and Appendix C).</p>
Contract FTE	<p>A permanent position that is currently filled with a temporary employee, such as those through a temp agency or by individual contract. This does not include OPS or work done by a contract employee for operational services.</p>
Cost Center	<p>Cost Centers are used to identify FTE among the court divisions and can be titled the same as your office structure, departments, accounting software, payment systems, etc. Do NOT used employee names or initials.</p>

INSTRUCTIONS – CFY 2023-24 OPERATIONAL BUDGET

Term	Definition
Direct Support FTEs	The functions performed by these FTEs <i>directly</i> support either court or non-court services, but not both simultaneously.
Florida Retirement System (FRS)	The system developed and maintained by the State of Florida, DFS to track and invest pension and retirement funds for state employees and other FRS members.
Full-Time Equivalent (FTE)	FTE represents positions, not specific employees, and is displayed as 1.00 for a position working 100% time or 40 hours a week. Positions working fewer hours are represented as a lesser percent (e.g., 0.50 FTE for 20 hours per week, 0.25 FTE for 10 hours per week).
Non-CCOC Funding Expenditures	The budgeted expenditures included in the gross expenditures paid for by entities or revenue sources other than the CCOC. They should be reported as either 1) county funding expenditures, 2) 10% funding expenditures, or 3) other non-CCOC funding expenditures. The sum of these three variables is equivalent to the aggregate non-CCOC funding expenditures.
Non-CCOC Funding FTE	The budgeted positions included in the gross FTE paid for by entities or revenue sources other than the CCOC.
Other Personal Services (OPS)	A temporary position used solely for accomplishing short term or intermittent tasks. Typically, funds are budgeted specifically for this purpose. ## Appendix C: General Counsel Opinion Regarding IT Funding

**From:** [Joe Boyd](#)  
**To:** [John Dew](#)  
**Subject:** Use of State Funds on IT  
**Date:** Wednesday, August 31, 2011 1:13:19 AM

---

John, the following represents our opinion as General Counsel of the Clerks of Court Operations Corporation. We conclude that a Clerk of Court may use state funds for Information Technology ("IT") needs, as more fully described below. It is not an unbridled authorization but may be done within the statutory parameters.

### ANALYSIS

Clerks are authorized under Section 28.35, FS, to spend state appropriations on functions authorized by law or court rule. These include twelve functions described in that statute. They are also authorized in the same section to spend state funds for reasonable administrative support to enable the Clerk to perform these functions. It is this grant of authority that permits Clerks to use state funds for certain, limited IT needs.

Section 28.35(3)(b), FS, prohibits the use of state funds for any use not specified in section (a) discussed above. However, section (a) does provide Clerks authority to use state funds for reasonable administrative support, and therefore such practice is not prohibited, provided it fits the parameter of Section 28.35(3)(a), FS. Further, if the Legislature wished to prohibit any use of state funds whatsoever for IT needs by a Clerk, the Legislature could have done so simply by barring such use in Section 28.35(3)(b), FS.

However, a Clerk must give proper deference to the constitutional and statutory obligations of counties to fund certain needs of the court system, including Clerks of Court when performing court related functions. Pursuant to Section 7, Article V, Florida Constitution, and Section 29.008, FS, counties are to fund a series of needs of the court system.

These needs include certain defined "communications services". Subsection (f) defines that phrase to include a series of nouns such as writings, sounds, and images. It then, in sub-subsection (1), discusses telephone and other similar resources.

In sub-subsection (2), it describes the term "communication services" to include all computer networks, systems, and equipment, including hardware and software, modems, printers, wiring, network connections, maintenance, support staff.....for an integrated computer system. It then describes the anticipated uniform statewide reporting of court related information and it's intent that such a system be operating by 2006. It then limits the counties' obligation to acquire computer resources if they are not in conformance with the state criteria. The conclusion can be easily reached that this definition is focused on the uniform reporting system of the state court system and the counties' obligations to support that system.

IT matters falling under this provision would be the obligation of the county. Nothing herein prevents a Clerk from using state funds for IT purposes as reasonable administrative support to enable the Clerk to carry out the specified court related functions in Section 28.35(3)(a), FS.

Rules of statutory construction and review of limited legislative history were included in this analysis.

### CONCLUSION

A Clerk of Court may use state appropriated funds for IT purposes if it is part of administrative support to perform the court related functions delegated to the Clerk of Court under section 28.35(3)(a), FS.
