Payment Plan Reporting

Question

- 1. If a payment plan has met required payment terms for one case in a multi-case plan. Do we count that one case as satisfied and is the plan for all cases still open?
- 2. When is a plan defaulted? Is it once a plan has a D6 notice created or when the case has a suspended license?
- 3. Some counties do not suspend criminal cases. When are these defaulted?

4. Could you define what we should put into the other category.

Answer

Count the one case satisfied for that court type in the month it has occurred. Yes, all other cases would remain open until either satisfied or defaulted

When a plan exceeds the payment due date it is in default.

Despite the use of suspensions in criminal cases the past due deadline has still been exceeded and should be defaulted.

A payment plan that remains unpaid but has not defaulted. For example, if the defendant violated other sentence terms and gets sent to jail the fine and plan is still open but uncollectible.
